

IN THE DRAWINGS

Applicant respectfully requests approval of the following drawing changes. Specifically, Figure 4 has been amended to change “RPS” to “PRS”. Figure 7 has been amended to delete GE IndSys, “.indsys.ge.com/”, GE Industrial Systems, “@indsys.ge.com”, and an icon following the Edit icon. Figures 8, 16, 17, 18, and 20 have been amended to change “GE Home” to C Home and “IndSys Home” to B Home. Figure 19 has been amended to delete GE and GE Industrial Systems, and change “Gagnon, John D” to “Gagnon”. Figure 21 has been amended to change “Distributor Performance for” to “Distributor Performance”, to delete numbers located on the graphs, and to delete the date and time of generation of the dashboard. Applicant submits replacement drawing sheets incorporating the changes to Figures 4, 7, 8, 16, 17, 18, 19, 20, and 21. Also submitted herewith are annotated Figures 4, 7, 8, 16, 17, 18, 19, 20, and 21, reflecting the requested changes in red ink. No new matter has been added.

The following is a list of dashboards that you created. Generation time listed below is Eastern Time. The list is sorted by Dashboard Title.

FIG. 8

FIG. 9

280

Dashboard Info	Dial Info	Viewers	Preferences	Create Dashboard
----------------	-----------	---------	-------------	------------------

All the required fields are marked by *.

282

Dashboard Title*:

Enter a partial name of the customer. A list of all customers will be displayed which contain the partial customer name you enter. **If you leave the following field blank, you will not be able to select a customer number or name from the subsequent screens.** For example, if you want to create a dashboard for Crescent Electric, enter "crescent" or "CRESCENT" in the partial customer name. The search in the database based on your entry in case insensitive.

284

Partial Customer Name:

You can enter up to 5 partial customer numbers. A union of partial customer name and partial customer numbers will be used to generate the customer name and customer number choice lists.

286

Partial Customer Numbers:

Choose if you want to display the Product Family choice list on the next screen. **If you decide to view the Product Family list, it will take at least 2 minutes to build the next screen.** If you decide not to display the list, ALL will be selected from the Product Family list.

Display Product Family list:

 Do not display the list

☒ 1st Shipment Fill Rate - Stock Items - A Items Only

1st Shipment Fill Rate - Stock Items - A Items Excluding Single Line Items

Dial Definition The number of items shipped with the 1st shipment on a completed stock requisition not including single line item requisitions or B or C class code line items.

Calculations

- All the requisitions that have more than one 'A' line items, will be used using the criteria you entered in the Dashboard Filter screen.
- For each requisition, the first ship date is calculated only using the line items where **material class code is 'A'**. If the fill rate for the first ship date is less than 10%, the next ship date for the requisition is used.
- 1st Shipment Fill rate is = Number of 'A' line items shipped on the first ship date / Total number of 'A' line items for the requisition.
- An average of all the fill rates is displayed as the fill rate for the month.
